

SPONSORSHIP / ADVERTISING OPPORTUNITY

We are holding a significant event on **Saturday, May 31st, 2008** at the Montgomery Township High School. It is an intense and exciting robotics competition bringing together 40 high school teams from around NJ, NY, PA, and DE to compete with their 5 foot tall, 120 pound robots. The event is called *Monty Madness* and it is designed to honor and encourage interest in Science and Technology and the general public is invited to attend. In addition, *Monty Madness* will have a nationwide audience of the proceedings through a live webcast provided by NASA. Based upon the fact that this is our 3rd annual *Monty Madness* event and the addition of a new College Fair, we expect well over 2,000 individuals to attend. For more information about the event, please go to <http://www.montymadness.org>.
